Аннотация:

В этой статье сказано про ретроспективный анализ кактельного наряда на основе шантелье. Коктейльное платье изначально появилось в США в процессе демократизации вечернего платья во времена сухого закона. Оно было рассчитано на молодых девушек и предполагало свободу передвижения и возможность танцевать чарльстон.

What is the difference between a cocktail dress and an evening dress? The cocktail model has a number of features: short length (just above or just below the knees); lack of long sleeves and collars; moderate amount or lack of decor; cocktail dresses are made from expensive and beautiful, but not luxurious fabrics. Fashion magazine Cosmopolitan states that a cocktail dress is a mixture of casual and formal. It is worn in the late afternoon to events where there is a fun atmosphere and alcoholic cocktails are served.

What should a cocktail dress look like? According to the fashion magazine Elle, a party outfit should take into account the following nuances: The format of the event. To avoid getting into an awkward position, you should find out in advance where, in what circle and in honor of what event the event will take place. For an official reception or party in a restaurant, you should choose an elegant dress, for home gatherings - laconic and discreet, for the beach - open and relaxed. If you can't figure out the details, choose a classic little black dress.

Season. An appropriate option for the cold season is a dress in calm tones without obvious summer ornaments. A summer cocktail dress is more open, in bright colors, made of silk or chiffon.

Dress finishing. A cocktail dress should be elegant, but not pretentious. If you don't know what to wear to an event, give preference to the classics, avoid bright colors, lots of lace, complex cut and decor.

The frankness of the outfit. Deep necklines, provocative cutouts, transparent inserts and extremely short lengths may be inappropriate for a formal event.

Choose the right accessories for your dress: a small handbag or clutch, elegant pumps or sandals, a minimum of jewelry.

Where can you wear a cocktail dress? Cocktail dress - dress code for corporate events, family celebrations, parties.

It is worn in the following cases: visiting nightclubs and casinos; a date or family celebration in a restaurant; official ceremonial events starting before seven o'clock in the evening (corporate parties, social receptions, opening of exhibitions, etc.); graduation party and graduation ceremony; birthdays and friendly parties with appropriate dress code; wedding. Fashion publication Vogue claims that the right cocktail dresses for guests frame the setting, decorate the event, add color and texture to the room, and make the celebration unique.

What cocktail dresses are in fashion in 2022? In the new fashion season, the following styles of dresses are relevant: sheath, bustier, A-line, baby-doll made of leather, light flowing fabrics (chiffon, silk), velvet, corduroy. Hot trends - puffy sleeves, asymmetry, pleated, unusual decor (fringe, flounces, cutouts),

minimalism combined with glitter, transparency and openness. Bright and pastel colors, floral and animal prints are in fashion. Let's look at trend options in more detail using retrospective analysis.

Current styles Fashion designers have offered a wide selection of styles of cocktail dresses this season. When choosing an option, pay attention to the main trends: The sheath dress looks feminine and elegant. Stylish details - midi length, thin straps or lack thereof, dropped shoulders, corset. Actress Sydney Sweeney chose a yellow cocktail dress with a fitted silhouette with a figured neckline and a high slit in the skirt for the filming of an evening TV show.

An A-line dress with a flared skirt, which is suitable for any celebration - graduation, birthday, New Year. Bustier dress. This model is distinguished by its effectiveness and femininity. Supermodel Gigi Hadid shone at the Versace show in a stylish black midi-length cocktail dress with a slit.

Baby doll Feminine cut and beautiful light fabrics give the baby-doll dress a special charm. In the spring-summer collection of Alexander McQueen you will find many models with a fluffy bottom, for example a summer dress in pastel colors with an unusual print on the skirt.

Pleated is the trend of 2022. Shirt cut, wide pleated skirt, soft pink color and slight shine of the fabric. Shiny fabrics combined with minimalist cuts. The Versace brand presented a short green dress with original decoration at the waist. The outfit was completed with matching thick-framed glasses, a tiny handbag and platform sandals. The following materials are considered the most appropriate for cocktail dresses in 2022: silk, chiffon, organza; satin, velvet; structural tulle.

To look interesting and stylish at any celebration, use the advice of fashion experts when choosing a cocktail dress. Then you can create the perfect look for any event.

The beginning of lace weaving in Chantilly is associated with the XVII century, when the development of centers for the production of this type of fabric in the north of France began. Finance Minister Jean-Baptiste Colbert had a great

influence on the development of lace weaving. Since the XVI century, the nobles and townspeople of France began to buy lace, as "an ornate costume has become an integral element of secular society."

Most of the expensive lace, which until the 17th century was worn exclusively by men on turn-down collars, cuffs and even near the neck of shoes, was imported from Spain and Italy, so money went from the state treasury to other countries. Ministers during the reign of Louis XIII and then Louis XIV.

Chantilly lace design-delicate floral patterns embroidered with fine silk thread on a background of fine mesh. The pattern's rapport is evenly repeated across the entire width of the canvas. At the beginning of the XX century, lace makers were attracted by the mechanical production of lace, which contributed to the transformation of lace weaving into an industry.
